

## New Managing Director in Europe, Nicolas Letavernier

**Paris, Thursday, February 5, 2026** – We are delighted to welcome **Nicolas Letavernier** as Managing Director France.

Formerly Head of Workiva France, Nicolas has supported international companies through digital and operational transformations. Before joining Labrador Transparency, he held senior management positions, successfully launching and scaling operations in France.

Under the leadership of Maud Mielvaque, Nicolas will oversee Labrador operations in the French market, leveraging his more than 20 years of experience across finance, consulting, software publishing and organizational transformation.

*"Nicolas' appointment strengthens our ability to support French companies facing increasingly complex reporting requirements. Beyond his solid business expertise, our shared vision is a key asset for our growth and our clients' success."* — **Maud Mielvaque**, CEO of Labrador Transparency.

Nicolas has guided some of the world's largest companies through complex change. With his deep Workiva knowledge and consulting experience, he will help strengthen our global Workiva services to help all clients better navigate the increasingly complex reporting landscape.

*"I am excited to join Labrador Transparency, a company renowned for its high standards and expertise. At a time when trust, transparency, and performance are critical, our goal is clear: to be the go-to partner for finance and sustainability departments."* — **Nicolas Letavernier**, Managing Director France, Labrador Transparency.

## **About Labrador Transparency**

Labrador Transparency is a leader in regulated information.

For 30 years, the Group has developed unique expertise in investor relations, financial communications, and ESG, combining consulting, design, and technology.

The company counts 350 professionals in France, the United States, and the Philippines.
